2018-2019 Health Requirements for New Students

Dear Saint Mary's Hall Parents,

Welcome to Saint Mary's Hall! Saint Mary's Hall uses *Magnus Health* for all our student medical information. Magnus is a web-based system, which will allow you to have continuous access to your child's health record as well as the ability to make updates when needed. Magnus also serves as a way for us to collect, track, and manage your students' health information should your student needs medical attention while at school. After July 20th, you will be given access to the parent portal and will be able to access Magnus via the Saint Mary's Hall website and upload the required forms.

For the upcoming 2018-2019 school year, please obtain the required health information listed below from your student's physician. Saint Mary's Hall requires an annual physical exam performed and signed by a licensed professional within 12 months of the first day of school for all students Form 6 – 12.

If your student plans on playing Upper School fall sports, they will not be permitted to participate in practices or games until their record is complete.

The following are "To Do" requirements that will need to be uploaded into Magnus by August 1, 2018.
